Remembering my time with Barbara on the Muskegon Community College Board of Trustees. It was Barbara who encouraged me to campaign for an open seat on the board. She was the first person to congratulate me when I won the position. We traveled to Washington D.C. to visit our elected officials with the purpose of answering their questions about the importance of students attending a community college. Both Barbara and Don were multi-talented in the creative arts. It was easy to see why they gravitated toward one another. My life is richer for having known both of them. May happy memories be shared by the family as they reflect on Barbara and her life well lived.

Peggy, so sorry to hear of your moms passing. She was a very fine lady. I remember all the fun times we had as kids especially our camp out in the tent and unfortunately your broken arm from doing cartwheels off the front porch. She was always so good when we did dumb things. She will be with you always in your heart. Keep the memories close and my God Bless you and all of your family. My heart and prayers are with you all.
