I'm sorry to hear of Verna's passing. She was always kind to me and whenever I came back to visit, she would invite me over to talk over coffee. She was very "sassy" and was honest on any opinion you asked of her. I'll miss her. Condolences to the family who was a big part of my life.

I'll always remember visiting grandma Blamer's house with Lorna when we were kids. She was so kind, funny, and always made the best egg sandwiches. Those memories still make me smile. My thoughts and prayers are with the family. ❤️

How special she was to me. I remember having to perform an interview for nursing school and how we sat around and laughed about the education I had to give her in regards to her fire alarm. I also enjoyed how she always shared stories about my Papa, and my grandma. My favorite memory was her getting to meet my precious baby boy. Her rocking him, and giving me wisdom on being a mother
